Is this the oral motion at the end?

The intent was pretty simple:

At the table, Enrique said he had funding to buy 100 sanitation stations, but wanted to buy 300 (I might have the numbers wrong), and said he needed Council direction/authority to acquire the larger number. CM Blumenfield's motion was intended to give LASAN the authority it needs to go out and do so. It was intended to give you what you wanted, and not necessarily to make you do more than that.

Sure. We have an internal staff call at 11 am, but can make ourselves available pretty much any time.
